THE BOAT

Performance, comfort and modern design in one cruiser

SENSEI is hull #60 of the Beneteau Oceanis 46.1, built in 2021. Meticulously maintained and fully equipped, she is turnkey and ready for immediate cruising from her berth in Marina del Rey.

Designed as a true performance cruiser, she sails with effortless handling and impressive stability. The spacious cockpit has twin helms, generous seating and a large swim platform, ideal for entertaining or relaxing at anchor.

Below, a bright, refined three-cabin, two-head interior draws remarkable volume from the hull. A Yanmar diesel, B&G electronics at both helms, electric winches and cruising packages complete the picture.

Equally at home offshore or cruising the coast: a modern cruiser that truly does it all.

THE DESIGN

A prize-winning stepped hull, and the volume it gives below

2019
European Yacht of the Year, Family Cruiser

47′ 11″
Length overall, 14.60 m

Category A
CE design category, offshore

Finot-Conq drew the Oceanis 46.1 around a stepped hull: slim at the waterline for speed and an easy motion, then stepping out above it to open up volume inside. It is the reason a boat of this length can carry a forward owner's suite of this size.

The model was named European Yacht of the Year 2019 in the Family Cruiser category, and the interior is by Nauta Design.

BUILT FOR EASY HANDLING

- Twin helms with a clear view forward
- Halyards and sheets led to a winch at each helm
